The Museum and Its Mission

The Wendell Gilley Museum is a community center that celebrates the life and work of Wendell Gilley, a pioneer in the field of decorative bird carving. It teaches the art of bird carving and presents art exhibitions and educational programs with a special focus on people, nature and art. The Museum endeavors to inspire appreciation of the visual arts, engagement in artistic creativity, and respect and care for the natural world.

The Gilley Museum strives to make connections between people, nature and art. In addition to its changing exhibitions, it offers hands-on bird carving instruction, art workshops, natural history programs, films, and research opportunities in its library.

The Museum building is a superb example of innovative architecture that blends traditional and contemporary values. It is a popular meeting place for civic organizations and social functions. In a typical year, there are over 20,000 visits to the Museum from a combination of local residents and tourists from the 50 states and an average of 20 foreign countries.

We invite local and global businesses to help the Museum make a local and global impact.

Be the Wind Beneath Our Wings
